

# SUMMER

(Emma Valdez, 1r ESO E)

Summer is warm  
but sometimes there's a storm.

The sky is bright  
and the moon is white.

When summer is here  
ice-creams appear.

You can do an excursion to the lake  
and have some refreshing watermelon and a cake.

Going everyday to the beach and the pool  
is very cool.

Don't forget your goggles and bikini  
and enjoy for lunch a panini.

Spending time with your friends,  
this way summer never ends.

Even when it's dark  
you can still be in the park.

Read a lovely book  
and learn how to cook.  
Summer vacation is the best  
all day you can rest.
